

Tuesday (5/31) through Friday (6/03), there will be nightly freeway closures to facilitate the permanent striping of WB IH-10 main lane pavement between the Brazos River and BNSF Rail Road.

Closures will begin at 7:00 PM each night and will end by 5:00 AM each morning.

New traffic patterns will be established to place IH-10 Eastbound traffic on the new EB Brazos River Bridge, Tuesday Night (May 31st) and on the new FM 3538 Phase 3 Overpass, Thursday Night (June 3rd).

There will be message boards, signs, and police to provide guidance during these operations.
